MHIA Meeting Notes

Thursday, October 16, 2014

(Disclaimer: I'm taking notes as a member of the community. These notes have not been reviewed or approved by the MHIA Board - or anybody. I may have made mistakes, and if so please feel free to correct me and accept my apology.)

35 people in attendance (I can't report their names because my sign-up sheet disappeared.)

• Call to order (7:06pm)

• Los Angeles County Supervisor Gloria Molina on Flat Top

o We're lucky to work with Northeast Trees to get the money to move forward with preserving and protecting this open space, and hopefully the City will provide the funds to maintain and preserve that land. Hopefully, Northeast Trees will also enhance the area with trails as they've done elsewhere. We will own it as of October 31, 2014.

o Scott Rubel asked if there is a map showing the boundaries. The answer is yes and Molina's field deputy will email it to Scott. The church will still own the buildings and the radio tower, which are segregated by a fence.

o Is there a design for the park? The City will put in some money to create some enhancements. Roy said that he will be working to raise money for restoration and long-term maintenance. He has spoken with Congressman Becerra, and Hilda Solis.

o Why improve it when it's been there for so long? Even if we leave it as is, we'll still need to improve safety, for instance doing brush clearance, and increase accessibility, for instance adding hiking trails. If we plant some trees and provide shade it's a small enhancement that provides a serene space. But

Supervisor Molina will not be making those decisions and won't be involved with that.

Â§ Northeast Trees Executive Director Mark Kenyon: The community will need to decide what we want
“ our understanding is native plants, which have been degraded due to brush clearance. These plants
will also help native wildlife. Mt. Olympus is the small park that the City already owns. It sits at a critical
juncture, so if we want people to be able to hike from El Sereno to the San Gabriel Mtns then this is a
critical area to enhance. At this point, we're all (including County and the church that owns it) focused on
closing the deal and that revolves around getting the money to purchase it, and Supervisor Molina has
helped with that immensely. This has been a 20-year effort - Jack Fenn and Roy Payan were key
leaders, and the church leaders' willingness to sell is important. Please thank the church leaders if you
can.

Â§ Someone who lives at the end of the bend asked: Will the City maintain the gate and the garbage
pick-up and run off the gang-bangers? Yes, we can discuss these concerns more after the purchase
goes through. Northeast Trees will have another community meeting to discuss concerns before turning
it over to the City.

Â§ Supervisor Molina was presented with a plaque to thank her for her work on this effort.

o Prop P: Safe Neighborhood Parks Measure - see attached flyer

Â§ Flat rate parcel fee of \$23, which is an increase of \$4 from the current average fee of \$19. Minimum
of 10% must be spent in low income communities.

o Prop 1: (safe water bond) Water Quality, Supply, Infrastructure Improvement Act - see attached flyer

Â§ L.A. has been violating safe water act for over 20 years and county just lost a court case, so we will
need to clean up our water. One of our largest aquifers where we could store water in San Fernando
Valley is polluted. We need to clean-up our groundwater and this proposition will help to fund that.

Â§ Prop 1 and Prop P could help to fund improvements on Flat Top, but it's a competitive process and
Prop 1 will require need a 25% match to secure those funds, and Prop P could be a source. Roy
explained: >From the end of Latrobe where it meets Sinova, we'd like to bury a cistern to collect water,
then a pump would send the water to a community garden up on the hill. The water running down
toward Griffin would also be collected and it could be used to irrigate and create a community garden at
the bottom of Montecito. We'll have ownership of the garden.

Â§ Why does NE Trees care about water reclamation - native trees need water for 3-5 years to get
rooted and then they no longer require watering besides the rain and we could use this reclaimed water
to irrigate. An average lawn uses more water than 99 native gardens. We have a huge problem with
keeping parks and cemeteries green during drought. We can use reclaimed water irrigation systems.
One thing we can do to help ourselves during climate change, which will hit California hard, is to plant
trees. 100 trees capture up to 250K gallons of storm water per year. They can reduce temperatures
through shade up to 13 degrees in the neighboring community by planting the right species in the right
area.

Â§ How will we decide what is planted here - because some native plants aren't drought resistant and some plants are invasive? NE Trees Exec Director Mark Kenyon: There are no regulations on your own private land, but State and County agencies have regulations and not all are drought tolerant. We advocate for drought tolerant native trees when working with the City and the State, and the State is very supportive.

Â§ Next Saturday, Oct. 25 from 9am-1pm at Latona Elementary we'll have a safety fair and we'll be giving away trees. Roy requested 50 shade trees and 50 fruit trees.

Â• MHIA Chili Cookoff: Saturday Oct. 25, 11am-4pm, 1249 Montecito Drive

Â• Yard sale: We made approximately \$350

Â• MHIA annual Halloween candy drive - goal is 100 pounds of candy because kids come to the rec center to trick-or-treat. There will be a costume contest for kids and adults. Carl Haney will collect the candy at 1028 Montecito Drive. They must be individually wrapped. Rec center opens at 4pm and there will be drinks and hot dogs.

Â• Holiday committee - Want people to oversee candy drive and raise money to give out 15+ turkey dinners to needy families in our community. Roy will ask for donations from City and State, then MHIA will provide the rest of the funds. MHIA members can deliver the meals. We want to have a toy drive for Montecito, part of Mt. Washington, and Sycamore Grove. Toys can be dropped off at Roy's house - unwrapped - and he'll take them to the Rec Center. Last year we had a Santa giving out toys to the kids. We have a Santa this year again, but we need elves to volunteer.

Â• Montecito Heights CERT team continues to train and help Mt. Washington-Jessica organize for an Earthquake Disaster Drill on Saturday morning, October 18. Need volunteer rescuers and victims.

Â• Questions from the floor:

o Request: When you walk your dog carry a bat and please don't speed on Montecito.

Â• Adjourn (8:20pm)

The Highland Park City Hall would be located in the former Security Trust & Savings Bank | [Google Map](#)

BY LUCY GUANUNA

HIGHLAND PARK — The residents of Highland Park may one day be able to fight City Hall without having to travel Downtown. After a decade of delays and a legal battle, a plan to convert a former bank building on Figueroa into Highland Park City Council is once again moving ahead.

A motion introduced by First District Councilman Gil Cedillo earlier this year would allocate \$500,000 to start planning the conversion of the vacant, two-story Renaissance Revival at the corner of Figueroa and Avenue 56 into a government resource center. It so happens that the robust 1920s-era brick and concrete structure – a city historic landmark – was designed by the same architectural firm that worked on the iconic L.A. City Hall as well as Union Station.

The 11,500-square-foot structure, which is owned by the City of Los Angeles and is mostly used for film shoots, features a granite and marble interior and was formerly home to the Highland Park branch of the Security Trust & Savings Bank.

Cedillo introduced a motion in May asking city staff to amend the mayor's proposed budget for 2014-2015, to include \$500,000 to cover the design costs of the new multi-year project, which would include the project scope, timeline and budget. Plans for what's been called the Highland Park City Hall project remain conceptual, but Cedillo's office is awaiting a report from the Budget and Finance Committee that will determine the funding of the project, said Cedillo's spokesperson, Louis Reyes.

Reyes said the building, which is located across the street from the Council District 1 field office, needs to be cleaned up and brought up to code and the \$500,000 requested, would be the first step to begin the project.

The effort to convert the former bank building into the Highland Park City Hall began a decade ago under former Councilman Ed Reyes. The city offered to buy the building in 2004 for \$1.6 million but the owner refused, prompting the city to begin the process of taking control of the property through eminent domain. That triggered a lawsuit that was resolved in 2009 when the city signed off on a \$750,000 settlement, according to city documents.

Lucy Guanuna has reported on a variety of issues, including business, education and social justice movements in her native Los Angeles. Her work has been published in the Daily Sundial, L.A. Activist, and the San Fernando Valley Business Journal.

On Tuesday I allocated Prop A money to two parks in the First District one in Cudahy and the other in Boyle Heights. 8 [The Cedillo Weekly 10/17/14](#)

Fri Oct 17, 2014 6:10 pm (PDT) . Posted by: [asncaalert](#)

Friends,

In 2013 when I walked door-to-door as a candidate, I noticed there were a lot of discarded items such as mattresses, furniture and other large bulky items left on the streets throughout the district. I was shocked that there was so much in our neighborhoods, yet when I spoke to people about it they were upset and frustrated as well.

I knew something needed to be done when elected to City Council.

My first day in Council I introduced a motion that directed the Bureau of Sanitation to pick up worn sofas and other bulky items. We created the "Keep It Clean" campaign and Team Cedillo has been organizing community clean ups and reporting bulky items for pick up. In April, I announced a pilot program that discouraged curbside dumping where residents can call Sanitation to pick up bulky items at their doorsteps.

With your help, we have removed about 3,296,000 million pounds of garbage from the streets of our district since I have taken office. Thank you for making our Keep It Clean initiative a success, but we must not stop there. This week we launched Keep It Clean Story Time, a program that will educate children about keeping our communities clean and instill a sense of community pride.

During the story time, I will read to elementary school children the book, "Smash! Mash! Crash! There Goes the Trash!" by Barbara Olanaka. Representatives from the Los Angeles Public Library and Bureau of Sanitation will also participate by speaking with the children about using the library as a resource and how the different colors of trash bins are used.

The education program closes with a visit from Bureau of Sanitation mascots, Connie the Couch and Octoclean. All participating children will be given a complimentary copy of the book along with educational materials that they can take home and share with their family.

I believe we are on the right track to keeping our communities clean and making the First District #1.
Sincerely,

Gilbert A. Cedillo

TODAY IN HISTORY

20th Anniversary of March Against Prop. 187 in Los Angeles

Twenty years ago today 100,000 people came together to march against Prop. 187 in Los Angeles and they convened right here in City Hall to protest. It was one of the largest marches against injustices that our city has seen at the time. It was the turn of the tide against a racist injustice moved forward by the Wilson administration.

For over the past twenty years immigrants have faced many injustices against them, but we fight on against these policies.

I was proud to march with those demonstrators twenty years ago, and I am proud to still stand with them as we continue our struggle for justice.

LEGISLATIVE UPDATE

Fair Chance Initiative, Ban the Box

A motion was introduced by Councilmembers Price, Koretz and Wesson instructing the Office of the Chief Legislative Analyst, Economic and Workforce Development Department, City Attorney and Personnel Department to work with City departments and report to Council on the feasibility of establishing a City of Los Angeles Fair Chance Initiative (Ban the Box) to eliminate the criminal conviction box on employment applications and to examine Ban the Box policies in other cities. In 2013, Governor Brown signed Assembly Bill 218 which required that commencing on July 1, 2014, state and local governments to refrain from requiring job applicants to disclose criminal convictions until the hiring agency has verified that the applicant has met the minimum qualifications for the position.

Disability Mentoring Day

This past Wednesday was Disability Mentoring Day at City Hall as part of Disabilities Awareness Month. It is a nationwide event in which people with disabilities can learn about having different careers. Councilmember Cedillo congratulated Olivia Mitchell who was awarded the first Olivia Mitchell Award for Excellence, named after her.

Sacred Heart High School Visit

We had a visit from the Sacred Heart High School students during council this week. I was able to meet with the students and we were able to take a photo at our City Hall Media Room. Team Cedillo wishes them the best in all of their endeavors.

Hello Neighbor!

Saturday is (Grown-Up) Movie Night at Eagle Rock Rec Center

Did you know that Street Food Cinema is based in Eagle Rock? Did you also know that there's never been a Street Food Cinema event in Eagle Rock -- until now?

Tomorrow night, Street Food Cinema will present The Exorcist at Eagle Rock Center. It's Halloween, so it's a spooky (R-rated) movie; so come on out for a date night, if you dare. Special Guest will be the one and only Linda Blair, and \$3 from each ticket is donated to the Linda Blair's World Heart Foundation rescue for dogs.

Food trucks will include:

California Taco Bear, Cousins Maine Lobster, Green Truck, Hurricane Truck, India Jones, Oh My GaGa, Riceballs of Fire, Rock N Lou, The Beignet Truck.

All the details and tickets are available here:

<http://www.streetfoodcinema.com/event/the-exorcist/>

While the ERNC is not sponsoring (or co-sponsoring) the movie night, we think it's a pretty cool new thing to have happen in town. We'll have a table at the event where you can get to meet your ERNC representatives, including ERNC Arts Director Chris Hulen, who's working to prove that the arts can help keep Eagle Rock businesses in business!

We'd also like to reach out to neighbors of the Rec Center, to see if they'd like to be notified of large events like this at the Rec Center, in advance: While we can't control what the Parks Dept. does, we can help facilitate communication between them and neighbors. If you live near the park, and would like to be on an email list to discuss notification, please contact John Goldfarb, the ERNC Subdistrict 8 Director: john.goldfarb@ernc.la

If you have any questions about the ERNC, our meetings, or how to get involved in making Eagle Rock a better place, just send us an email at: info@ernc.la

FoLAR is happy to announce that our Los Angeles River oasis, The Frog Spot, will remain open weekends through December! Visit our free family destination on Saturdays and Sundays from 8AM to 4PM, and catch free live music on Saturday nights. Discover nature, recreation, culture and community on the Los Angeles River with us.

We're excited that the popular art installation, RIVER OF WINGS, returns to The Frog Spot this

weekend. On Sunday, October 19th at 11AM, meet artist Marcelle Gravel and experience this community-created flock of hanging kinetic bird sculptures that give voice to our dreams for our river.

Enjoy a community yoga class at The Frog Spot on Saturdays at 11AM. Join Annie Ory of yogaRIOT under the Cottonwood tree, and your donation will benefit FoLAR.

SUNSET AT THE OASIS

On Saturday evenings at The Frog Spot, groove with FREE live music from three bands between 5-8PM. Catch up with friends over a beer or a glass of wine at this all-ages neighborhood river hangout. Doggies on leash are welcome!

PERFORMING SATURDAY, OCTOBER 18:

No Small Children
Three rocking schoolteachers in pretty dresses playing wicked loud music

LA trio, No Small Children rocks a powerful sound that is melodic and irreverent. Their honest and funny lyrics strike a chord with audiences everywhere they go.

Will and the Won'ts

As a covered entity under Title II of the Americans with Disabilities Act, the City of Los Angeles does not discriminate on the basis of disability and upon request will provide reasonable accommodation to

ensure equal access to its programs, services, and activities. Sign language interpreters, assisted listening devices, or other auxiliary aids and/or services may be provided upon request. To ensure availability of services, please make your request at least 3 business days (72-hours) prior to the meeting by contacting Department of Neighborhood Empower, at (213) 978-1551 or toll-free at 311.

In compliance with Government Code section 54957.5, non-exempt writings that are distributed to a majority or all members of the Board in advance of a meeting, may be viewed at the Neighborhood Council meeting or on the Neighborhood Council website by clicking or visiting www.asnc.us.

2. PUBLIC COMMENT on items NOT listed on the agenda.

3. APPROVAL OF THE MINUTES. Review and approval of the minutes from the preceeding meeting.

4. APPLICATION REVIEWS/PRESENTATIONS. Review development applications:

A. 3814 Glenalbyn Dr New 1338 SF Single Family Residence. Presentation by the designer, John Ardila.

We will look at the documentation submitted and make our recommendation to the City Planning Office.

3861 N. West Point Drive, 2 story, Single Family Dwelling above attached 2-car garage.
New 536 SF addition at the rear of the house. Addition to Garage. Demo/Construction new porch.

Look at plans to see if PLUC deems intervention necessary.

CELLULAR TOWER (Ray) There is continued controversy about the Wireless Telecommunications facility at the Pentacostal Church on Marmion Way. At the last meeting it was reported that it was already installed.

BASELINE MANSIONIZATION ORDINANCE (Tamar & Loyd) Tamar attended the PLUM meeting on October 7 and spoke in favor of new regulations to quell the tide of Mansionization but spoke strongly against waiting for the 18 month implementation of it. There was large community turnout from all parts of LA rejecting the 18 months. The City Planning Department sited gross under staffing would prevent it from earlier implementation. Item continued until Oct 21.

Consider drafting resolution to send to ASNC for approval.

SIDEWALK REPAIR (Loyd) The City Council has directed the Bureau of Street Services to survey the Neighborhood Councils to get feedback on sidewalk conditions and funding options. Last month PLUC voted unanimously to support.

THREE HOMES ON CROSS STREET (Padraic) Via Kathleen Goldstein. There is a development of 3

homes on Cross Street. None of the neighbors were aware of any notices from years ago and they are about to start construction. Street is so narrow that 2 cars cannot pass one another. Apparently neighbors will be shut in or out of their homes between 7am and 3pm. Some handicapped and will not be able to walk to Crane where she would need to park her car.
Consider contacting planning department about situation.

WRITE UPS OF APPROVED MOTIONS FROM THE NEIGHBORHOOD COUNCIL Tamar needs someone, on an on-going basis, to draft the letters for the ASNC to send on to the necessary recipients from motions that PLUC sent to the Council and the Council approved.

6. UPCOMING BUILDING PROJECTS expected to be addressed at a later meeting:

Packets received from City Planning Office. Applicants will be invited. No date for presentation yet:

- 1515 N. Killarney New construction of a 2292 sq.ft. single-family residence.
- 1521 N. Killarney New construction of a 2194 sq.ft. single-family

CD14 Participates in Fun Band Aid Drive for Children's Hospital LA

Friends, we urge you to participate in a noble cause that's close to our hearts. LAPD Central Area Lt. Brockway and his wife started a foundation a few years ago to ensure every single child going through chemo at Children's Hospital Los Angeles will have the option of a fun band aid - a fun and colorful way to cover the poke, making a scary situation a little easier. We want to help make sure this happens!

Next time you're at Costco, Target, Walgreens or any market, pick up a box of fun band aids and bring them to our office. Please pass this along to any of your friends, neighbors, partners or anyone who shops! Thank you for your help! Let's help them stock up their fun band aid box through the holidays.

Call our Northeast office with any questions at (323) 254-5295. To donate in Northeast LA, drop boxes at Eagle Rock City Hall, 2035 Colorado Blvd.
